PERMANENT EVENTS

SOUTH HALL

CERAMIC WORKSHOP

The extensive exhibition area, situated right at the heart of Tecnargilla 2016, will be dedicated to trends and experiments on ceramic materials and will be divided into the following sections:

CERAMIC BANG An exhibition on trends in materials, technology and aesthetics that intends to evoke the development of the world of ceramics from its beginning, curated by the Azzolini-Tinuper architectural firm

IED LAB A special project investigating alternative uses for ceramic materials carried out by the Milan branch of the Istituto Europeo del Design (IED)

TECNARGILLA DESIGN AWARD Tecnargilla Design Award (TDA) is the award set up by Tecnargilla to recognise the most innovative technologies, applications and materials applied to the ceramic industry to give rise to future collections of floor and wall tiles. Now in its fourth edition, in 2016 it will revolve around the theme of "light and shade"
